A webinar "**Cloud Computing and its Applications in ICT**" was organized by the Department of MCA, Sree Vidyanikethan Institute of Management, Sri Sainath Nagar, Tirupati. The program was organized on September 19, 2020. We have received 336 registrations from five states of our country. Students, faculty, research scholars, and industry executives are actively participated and gained knowledge. The webinar was conducted through the ZOOM platform.

The webinar was organized and a welcome address given by organizing secretary **Mr. S. Venkatesulu** , Assistant Professor, Dept. of MCA, SVIM. The opening remarks were provided by **Prof. N. Gurunatha Naidu**, Director of SVIM & Convener of the webinar. **Dr. M Ramarao**, Assistant professor, SVIM, and **Mr. V. Rahamthullah**, Assistant professor, SVIM were the co-coordinators for the webinar.

Dr. Parag Ravikat kaveri Working as Program Head MSc Computer Application and System Security at Symbiosis Institute of Computer Studies and Research (SICSR), A constituent of Symbiosis International Deemed university, Completed, Doctor of Philosophy (PhD) in Computer Science 2016 from Department of Computer Science, S.G.B. Amravati University, Amravati, Amravati – India.

Dr. Parag Ravikat Kaveri started his session with the basic concepts of cloud computing. He explained Cloud computing has emerged as a revolutionary paradigm through which organizations can optimize their Information and Communication Technology (ICT) investments. **Dr. Parag** shown a video on virtualized development platform that has the potential to provide pay-per-use services to customers over the Internet/network by deploying hardware and software resources.

Dr. Parag explained Cloud Computing pay-as-you-go manner to the general public, we call it a Public Cloud; the service being sold is Utility Computing. Last 15 minute's questionnaire session went in more interactive manner.
